

CS-5

Production Case for the 552 and 788T

The CS-5 is a high-quality production case for Sound Devices 552 Field Mixer, 788T Recorder, and 788T with CL-8 Controller. Designed and built for Sound Devices by Camrade, the CS-5 has a mixer/recorder compartment plus an integrated accessory compartment sized for wireless transmitters, receivers, portable mixers, and recorders. The lower compartment is suitable for an NP-type battery. On the bottom of the bag there is a convenient hook and loop trap door that provides easy access to 552 and 788T removable media. The CS-5 can be used over the shoulder with the included leather shoulder strap and can connect to third-party accessory cases. Additionally, Sound Devices CS-W can be attached to the CS-5 for larger production applications.

FEATURES

- Padded, durable nylon with internal reinforcements for shock resistance, durability, and temperature insulation
- Integrated accessory compartment for wireless transmitters, receivers, recorders, or mixers
- Battery compartment holds an NP-type battery below the unit
- Quick trap door access to removable media
- Comfortable, adjustable length, padded leather strap
- Properly balanced with or without an NP-type battery
- Loop mounts for attaching third-party wireless cases or to combine with Sound Devices CS-W
- Includes both a removable windowed cover with side access and a canvas cover for transportation and storage
- Covers can be rolled back and held with hook and loop fastener
